

## Meeting Notice

Date: April 15, 2023

Place: Wulff Gallery at Catskill Fly Fishing Center and Museum

Time: 10:00 AM to 12:00 Noon

Agenda: Hendrickson wet flies/nymph

Everyone loves fishing dry flies to rising trout during the Hendrickson hatch that will soon be breaking out across Catskill waters, but there are times when the fish are reluctant to rise, and traditional Hendrickson wet flies and nymphs are the key to success. We'll present the following patterns during our in-person meeting, which will also be available on Zoom for those who prefer the virtual option. The presentation will be centered on the Hendrickson patterns, but as always—tie what you want to tie.

### Dark Hendrickson Wet

Hook: Size 14 Mustad 3906B or other wet-fly hook

Thread: Brown 6/0 or 8/0

Tail: Wood duck flank feather fibers

Body: Muskrat

Hackle: Dun hen

Wing: Wood duck flank

### Light Hendrickson Wet

Hook: Size 14 Mustad 3906B or other wet-fly hook

Thread: Cream 6/0 or 8/0

Tail: Wood duck flank feather

Body: Cream dubbing

Hackle: Cream hen

Wing: Wood duck flank

### Hendrickson Nymph

Hook: Size 12 or 14 1xl nymph hook

Thread: Brown 6/0

Tail: Well-marked wood duck flank barbs

Abdomen: Reddish-brown fur with a band of grey fur behind the thorax or in mid section (look at your local nymphs)

Ribbing: Copper wire (fine)

Thorax: Reddish-brown fur

Wing case: Black section of turkey tail

Legs: Well-marked wood duck flank or partridge barbs

**We're looking forward to seeing you and gathering to do some great tying!**

If you can't be there in person, consider checking in via Zoom. Here's the link:
